## Guidelines for Wedding Cakes

- \* The cake top (smallest tier) is not served. It is not figured into the serving count.  
**This is my gift to you.**
- \* Each tier can be a combination of different kinds of cakes and fillings.
- \* Each tier consists of 2-4 layers of cake. Each layer is baked separately. The top and bottom crusts are removed. Only tender cake and filling are in each tier.
- \* Each tier is priced according to size and the cost of ingredients. Italian Buttercream is the standard outside cake covering. There are additional charges for other cake coverings. i.e. Fondant, Rolled White Chocolate, Rolled Dark Chocolate, and Pastillage decorations are more expensive due to the cost of ingredients and the extra time required to make them.
- \* There are **No Additional Charges** for the following:
  - Use of equipment (cake plates, columns, fountain, boards, etc.) Refundable equipment deposit required.
  - Different types of designs
  - Delivery within a 35-mile radius (I expect to deliver your wedding cake.) You are not allowed to destroy my work of art before your reception.
  - Decorating the cake with your flowers
  - Boxes for the cake top and leftover cake
